Estimate

Date	Estimate No.
09/08/2014	1880
Exp. Date	
	12/08/2014

Address
Barbara Bolton Harbor Bay Realty 885 Island Dr Alameda, CA 94502

Date of Service	Job Location
9/6/2014	Crown Harbor

Date	Description-Summary	Amount	Technician
09/06/2014	Installation of automatic gas shut off devise at approved meter location. Price includes devise, parts, labor, City of Alameda permit fees, arrangement of inspection, and relighting of all pilot lights. Access inside the unit will be need the day of install. Price DOES NOT include the installation of smoke and/or carbon monoxide detectors. I drove through Crown Harbor and saw several places with these devises already installed, and even more without. Some of the gas lines will have to be modified and some of the wood around the garbage enclosures will have to be cut, to access the gas line. When scheduling, I can make a sight visit to check and see if anything needs to be modified or moved. Almost all of my individual installs cost \$510, but I will give a deep discount for doing 5 installs at a time. I will need to schedule these in advance, pull the permits, and have access inside each unit the day of install. There will be no discount, if I have to make return visits to light pilots, due to lack of access, for that install.	510.00	Description
09/06/2014	Discount for scheduling at least 5 installs at a time.	-110.00	Description

This is an Estimate which may include options of services not yet chosen.
Customers will only be charged for actual work performed.
